

Call for papers

Conference on

Unintended Consequences of Regulation

The Economics & Policy group of the Cambridge Judge Business School invites abstract or paper submissions on the theme of “***Unintended Consequences of Regulation***” to be held in Cambridge, UK on **24 April 2020**.

We welcome submissions (extended abstracts or full papers) across **any microeconomics field** (public, finance, labour, industrial organization, health, behavioural, energy or environmental) that analyse policy changes with either **positive** or **negative** results or **no effect** that had consequences beyond the ones targeted through the intervention. These can include either backfire effects or unintended side effects of the policy.

The purpose of this conference is to share insights and important lessons to be learned across fields and cases both for academics and policy makers.

Keynote speaker: David Laibson (Harvard University)

Potential contributions and papers may be submitted electronically to any of the two local organizers:

- Frédéric-Guillaume Schneider (f.schneider@jbs.cam.ac.uk)
- Christos Genakos (c.genakos@jbs.cam.ac.uk)

Important dates

Submission Deadline	30 November 2019
Author Notification	15 December 2019
Final Manuscript submission	10 April 2020
Conference	24 April 2020
